Hawk Valley Farms products, Kempton, PA -610-756-6259
Scotts top soil (red & white bag)-Lowe's, Weavers Hardware
Lowe's topsoil- Lowe's stores
Agway topsoil-Agway stores
All Garden's Alive products

If the bag says topsoil, it is topsoil. If the bag says it is humus from (location), it is probably all humus. If the bag says compost and nothing else, it is a "crap shoot" at best.

If a landfill or municipality is offering really cheap compost, it will probably have Class B sewage sludge mixed with green waste. Not sure? Phone the 'fertilizer' company before you buy – their contact info is listed on the side of the bag.

This is not a comprehensive list. Feel free to contact us with other sludge-free fertilizers companies.
